

Six-piece set

6 Six-piece Double Eagle U.S. gold set

Diversify beyond bullion

Many investors who hold bullion eventually move into rare coins for further diversification and greater profit potential. Your best course of action for acquiring numismatic rarities is to employ the same set-building strategies that collectors have been using for generations.

This 6-piece Double Eagle set includes two of the most recognized and collected gold coin types ever struck — the Liberty and Saint-Gaudens.
